I, _____ being of legal age and sound mind, have read and agree to the Volunteer Program Guidelines as set forth above. I understand that Donate Life Connecticut is constantly observed by the general public, donors, supporters, affiliated organizations and governmental authorities, and must adhere to the highest legal and ethical standards at all times. Even the appearance of improper conduct can result in great harm to the organization's reputation, to the cause and to the people we serve. With this understanding, I understand that failure to observe these standards may result in disciplinary measures, up to and including volunteer relationship termination.
